

Captain::Engine::Generate  
Routes

Captain::Engine::Generate  
RoutesFromIntersection

Captain::Engine::UnitIDto  
PathID

```
graph LR; A[Captain::Engine::Generate Routes] --> D[Captain::Engine::UnitIDto PathID]; B[Captain::Engine::Generate RoutesFromIntersection] --> D;
```

The diagram illustrates a dependency or mapping. On the left, two white rectangular boxes are stacked vertically. The top box contains the text 'Captain::Engine::Generate Routes' and the bottom box contains 'Captain::Engine::Generate RoutesFromIntersection'. On the right, there is a single gray rectangular box containing the text 'Captain::Engine::UnitIDto PathID'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that both functions on the left are associated with or map to the entity on the right.
