

TiXmlDocument::Accept

TiXmlElement::Accept

TiXmlVisitor::VisitEnter

```
graph LR; A[TiXmlDocument::Accept] --> C[TiXmlVisitor::VisitEnter]; B[TiXmlElement::Accept] --> C;
```

The diagram illustrates the Visitor design pattern. On the left, two white rectangular boxes represent the methods `TiXmlDocument::Accept` and `TiXmlElement::Accept`. On the right, a gray rectangular box represents the method `TiXmlVisitor::VisitEnter`. Two blue arrows point from the right side of each white box to the left side of the gray box, indicating that both `Accept` methods delegate the call to `VisitEnter`.
