

Captain::Engine::AddVehicle

```
graph LR; A[Captain::Engine::AddVehicle] --> B[Captain::Engine::parseVehicle State];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'Captain::Engine::AddVehicle'. The right box is gray with a black border and contains the text 'Captain::Engine::parseVehicle' on the top line and 'State' on the bottom line.
