

Libraries/gookto_io
/includes/gookto_io
/Demand.hpp

```
graph TD; A["Libraries/gookto_io  
/includes/gookto_io  
/Demand.hpp"] --> B["vector"]; A --> C["string"]; A --> D["iostream"];
```

The diagram illustrates a header file's dependencies. A central box at the top represents the header file 'Libraries/gookto_io/includes/gookto_io/Demand.hpp'. Three blue arrows point downwards from this box to three separate boxes below it, labeled 'vector', 'string', and 'iostream', indicating that the header file includes these three standard C++ libraries.

vector

string

iostream
