

Captain::Engine::RecordSimulationTime

Captain::Engine::Terminate
Recordings

Captain::Util::XmlWriter
::WriteCloser

```
graph LR; A[Captain::Engine::RecordSimulationTime] --> C[Captain::Util::XmlWriter::WriteCloser]; B[Captain::Engine::Terminate Recordings] --> C;
```

The diagram illustrates two method calls from different sources to a single target. On the left, there are two white rectangular boxes. The top box contains the text 'Captain::Engine::RecordSimulationTime'. The bottom box contains the text 'Captain::Engine::Terminate Recordings'. On the right, there is a gray rectangular box containing the text 'Captain::Util::XmlWriter::WriteCloser'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that both methods call the 'WriteCloser' method of the 'Captain::Util::XmlWriter' class.
